Description

Navy skirt Made to measure.

Before production can commence we require the individual's measurements. This item is only refundable if there is a problem with the manufacturing of the garment. It is your responsibility to provide the correct information.

The measurements required for production are:-

1. Waist cm

(Take a Fairly loose and comfortable measurement around the natural waist, full circle)

2. Hip cm

(Take a Fairly loose and comfortable measurement 10 cm lower than your waist measurement, full circle)

3. Widest Hip cm

(Take this measurement 20cm lower than your waist measurement, full circle)

4. Length cm

(Measure from the waist to the desired skirt length which is 4 cm for Girls and 5 cm for Ladies, below the bottom of the kneecap)
