Description

This online purchase will provide you with access to the Food Hygiene Course online. THIS ITEM IS ONLY FOR BRIGADE LEADERS. ALL Membership details will be verified with BMS!

A food hygiene certificate is required if you prepare food, bake, or provide refreshments, and the CLCGB recommend that all leaders who participate in these areas hold a valid certificate.

Once you have your registration code you will have 30 days access to complete the course training material and the test. This course and test will last approximately 2 hours. Once you have completed the course and passed the test you will be able to download your certificate as a PDF document to save and print when you need to. The certificate is held on the system and you can log back in and download at any time so you never have to worry about your certificate being lost or mislaid. A printed certificate is entirely in accordance with the accreditation guidelines and will be accepted by your EHO.
